HAPPY HOLIDAYS!

Wear a Mask. Keep Distance. Stay Safe

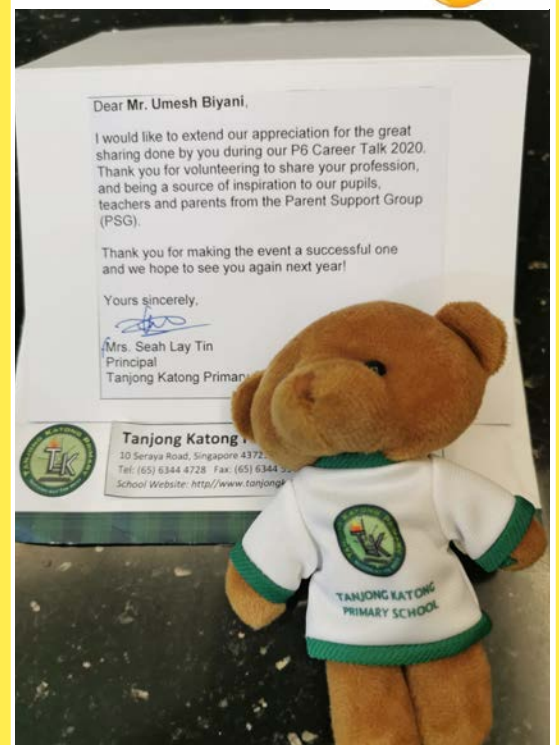

Soon, it will be curtains for 2020. A year that was unlike any; in the history of mankind. The world was witness to large-scale disruptions, human perseverance, business continuity, market agility, innovative solutions, & global compassion like never before.

2021 will be a year of hope, healing, & introspection as we return back to normal with a sense of responsibility.

We wish you, your family, & friends Happy Holidays and the very best for 2021!

Scanomi will continue in its endeavor to script more customer success stories, while helping employees and the community stay safe & flourish.

ON-DEMAND SOLUTIONS

Forecasting & Planning: Simple & Affordable

Scanomi continues its innovative stint and with budget constraints plaguing many industries, we have designed on-demand solutions that are simple and cost effective for Anaplan solution seekers.

What is On-demand Solutions:

1. No additional Anaplan subscription required.
2. Scanomi will gather requirements and provide Forecasting, Planning, and Business Intelligence solutions for your Finance, Supply Chain, Sales & Operations, & Workforce needs.

How does it Work:

1. Request for a demo.
2. Sign a basic contract with Scanomi.
3. Communicate requirements and share data.
4. Scanomi will implement Anaplan business models based on your requirements and share the findings/outcome with you and your team.

WEBINAR

Scenario Planning & Strategizing

We recently hosted a webinar on Scenario Planning that saw high participation. The following were the takeaways from the webinar:

- Identify driving forces such as BIG shifts in customers, markets, & competition in the future.
- Recognize & Assess critical uncertainties with maximum impact on businesses.
- Design a Scenario Matrix & develop four realistic scenarios for the future.
- Validate & Monitor scenarios to exploit opportunities & mitigate risks.
- Demo of how it's all done.

You can watch the webinar recording here:
